

In June and September every **Tuesday**

In July every **Tuesday** and **Thursday**

In August every **Tuesday, Wednesday** and **Thursday**

TREMITI ISLANDS

7.15 am – meeting with the tour leader at entrance, transfer to Termoli's harbour, embark on the **motorboat** and leaving (8.40 am).

(Any departure time changes will be communicated the day before)

9.30 am – arrival at Tremiti Islands, transfer by little boat to San Nicola Island and guided visit to the imposing **Santa Maria al Mare Abbey**, one of the most solemn monuments ever built on such a small island; all time long you can enjoy a **wonderful sight** on the archipelago, surrounded by crystal clear seawater, enchanting bays and wonderful sea caves. The visit will last about 1h30'.

11.45 am – after the visit of the abbey there is the optional possibility to circumnavigate the entire archipelago** (75 minutes) or just San Domino Island* (45 minutes) which is the largest one among the islands.

Considering that the Tremiti Islands have been a **Natural Marine Reserve** since 1989, we suggest you the circumnavigation of the archipelago by speedboat, enriched afterwards by a visit to the **marine caves** of the Isle of San Domino, a tour to the arch of "Baci perugina" of the Isle of Capraia and at last a visit to the striking "Tagliata" of the Isle of San Nicola. During the crossing there will be a stop close to the submerged statue of Saint Pio, 14 meters below the sea level located in "Scuglitti", where you can enjoy a pleasant bath.

1.00 pm – return to San Domino Island and time for lunch (*pocket lunch or if requested at restaurant with fish menu*); the afternoon may be spent to one's own choice in the pinewood or on the **beach**.

5.30 pm – (from 1st August till 31st August at 4.20 pm) embark on the motorboat.

HAVE FUN !!!
